### Care Groups Implementation Training, June 10-14, Arlington, VA

TOPS, in collaboration with Counterpart International, is pleased to announce a Care Groups Implementation Training Workshop June 10-14, 2013.

This training, the first in a series, will build capacity in the design, implementation and monitoring of Care Group programs, using the Care Group model. (For more information on Care Groups, please see [www.CareGroupInfo.org](http://www.CareGroupInfo.org).)

The event will take place at Counterpart International's office in Arlington, VA, and is open to field and headquarters staff and consultants. Space is limited to 25 people. There is no charge to attend this training. Participants or their organizations will need to cover their own travel, lodging, meals and other costs.

TOPS aims to bring together a mix of participants from multiple food security implementing organizations as well as consultants. Participants should be willing and able to share what they learn at this workshop to train their colleagues and partners in Care Groups Implementation.

For more information on this workshop and how to apply or nominate participants from your organization please visit [fsnnetwork.org](http://fsnnetwork.org).

If you are not already on our e-mail list, sign-up [here](#). We welcome news of events, tools, trainings, country updates and other content from the broad FSN Network community. Please send any suggested content to [commentsfsn@gmail.com](mailto:commentsfsn@gmail.com).

The TOPS Program was made possible by the generous support and contribution of the American people through the United States Agency for International Development (USAID). The contents of this newsletter do not necessarily reflect the views of USAID or the United States Government.

The FSN Network is being spearheaded by TOPS, a USAID/FFP funded program seeking to build the capacity of FFP grantees and other food security and nutrition implementers. The program is working to improve the quality of implementation through fostering collaboration, innovation, and knowledge sharing around food security and nutrition best practices.
