TOPS Meeting on Programmatic Elements within the PM2A Approach

Friday, October 11, 9:00 AM - 4:00 PM

Save the Children, 2000 L Street NW, Washington DC

The TOPS Program is facilitating a follow-up meeting to the [Workshop on Preventing Malnutrition in Children Under 2 Approach](#), organized by the Food and Nutrition Technical Assistance III Project (FANTA), CRS, IFPRI and Mercy Corps. Don't miss out on this in-depth discussion of some of the programmatic elements within the over-arching PM2A approach. The meeting will bring together the PVO Title II implementing community and field staff from the CRS and Mercy Corps programs to further explore elements which are common within all maternal and child nutrition programs, such as targeting messages, including other persons of influence, the benefits of peer support, counseling through home visits, etc.

Please RSVP to Melissa Teuber at mteuber@savechildren.org by September 30th. **Melissa's email address was listed incorrectly in the last newsletter, so please use this one to reach her.** Lunch will be served; please inform Melissa of any dietary restrictions or requests.

Registration is limited and will be proportionally and equitably distributed among implementing organizations within the Title II community. Participants should be those responsible for the implementation of project activities and/or building the capacity of field staff for effective action and impact in maternal and child nutrition.

If you are not already on our e-mail list, sign-up [here](#). We welcome news of events, tools, trainings, country updates and other content from the broad FSN Network community. Please send any suggested content to commentsfsn@gmail.com.

The TOPS Program was made possible by the generous support and contribution of the American people through the United States Agency for International Development (USAID). The contents of this newsletter do not necessarily reflect the views of USAID or the United States Government.

The FSN Network is being spearheaded by TOPS, a USAID/FFP funded program seeking to build the capacity of FFP grantees and other food security and nutrition implementers. The program is working to improve the quality of implementation through fostering collaboration, innovation, and knowledge sharing around food security and nutrition best practices. For more information about TOPS please click [here](#).
