TOPS Micro Grants Revised and Enlarged

TOPS announces that it has revised and enlarged its Micro Grant small grant program to encourage greater flexibility in strengthening capacity for effective programming, which the Micro Grants are intended to support. TOPS has raised the ceiling from the original \$20,000 maximum award to \$50,000. The intent of the Micro Grant program is still to encourage innovative capacity strengthening activities for partners and TOPS would encourage applicants to base their training budgets at around the original funding level. Additional funding would be available for assessment and documentation of promising practices, to contribute to gathering the evidence base for effective programming and future capacity building. To access the RFA document for description of the program and for instructions on applying, [click here](#).

The TOPS Program was made possible by the generous support and contribution of the American people through the United States Agency for International Development (USAID). The contents of this newsletter do not necessarily reflect the views of USAID or the United States Government.

The FSN Network is being spearheaded by TOPS, a USAID/FFP funded program seeking to build the capacity of FFP grantees and other food security and nutrition implementers. The program is working to improve the quality of implementation through fostering collaboration, innovation, and knowledge sharing around food security and nutrition best practices. For more information about TOPS please click [here](#).
