Reopening of TOPS Small Grants Program

The TOPS Program is excited to announce the reopening of its Small Grants Program!

This next phase of the program continues TOPS's aim of supporting the food security and nutrition community to design, test, and share promising practices, tools, guidance, and skills through Micro Grant Awards funded up to \$50,000.

TOPS intends to reopen the Program Improvement Awards with higher funding ceilings soon.

Please [visit the TOPS website](#) for the program overview, RFAs, pertinent documents, and descriptions of previous awards, as well as the resources generated through them.

If you are not already on our e-mail list, sign-up [here](#). We welcome news of events, tools, trainings, country updates and other content from the broad FSN Network community. Please send any suggested content to news@fsnnetwork.org.

The TOPS Program was made possible by the generous support and contribution of the American people through the United States Agency for International Development (USAID). The contents of this newsletter do not necessarily reflect the views of USAID or the United States Government.

The FSN Network is being spearheaded by TOPS, a USAID/FFP funded program seeking to build the capacity of FFP grantees and other food security and nutrition implementers. The program is working to improve the quality of implementation through fostering collaboration, innovation, and knowledge sharing around food security and nutrition best practices. For more information about TOPS please click [here](#).
