At TOPS/FSN Network Knowledge Sharing Meetings, the connections you make are as substantial as the knowledge you gain. Every session you attend, from energizing plenaries to intimate lunch tables, encourages active participation and engagement with your peers. Take advantage of this knowledge exchange with colleagues from around the world as we build momentum toward our common goal of ending hunger and malnutrition for all.

[The TOPS Program](#) is a USAID Food for Peace-funded learning mechanism for food security and nutrition practitioners. In our seventh year, we aim to highlight the [FSN Network](#) – the community of implementers, donors, and researchers across the food security and nutrition spectrum convened by The TOPS Program. Through knowledge sharing events, capacity building workshops, task forces, discussion forums, and an extensive resource library, the members of the FSN Network have worked diligently across the years to foster lasting learning and impact. At this Knowledge Sharing Meeting, we will celebrate our accomplishments as well as “failures” that have turned into invaluable lessons learned, while looking at how this community of practice has played a part in improved food security.

We hope you will join The TOPS Program for this unforgettable capstone event. If you have any questions about the Knowledge Sharing Meeting, please email events@fsnnetwork.org, and [learn more about the meeting here](#).

The TOPS Program was made possible by the generous support and contribution of the American people through the United States Agency for International Development (USAID). The contents of this newsletter do not necessarily reflect the views of USAID or the United States Government.

The FSN Network is being spearheaded by TOPS, a USAID/FFP funded program seeking to build the capacity of FFP grantees and other food security and nutrition implementers. The program is working to improve the quality of implementation through fostering collaboration, innovation, and knowledge sharing around food security and nutrition best practices.
