Systems Strengthening

Plenary discussion

• What new capacities/skills/practices/changes in emphasis might be required to carry out systems strengthening work – whether in development settings or emergency settings?
Session 2: Cross-cutting Issues
2016-2025 FFP Strategy Cross-cutting Issues
Plenary Discussion

- What are effective examples you’ve seen of these cross cutting issues as standalone efforts?
- What are effective examples of these cross cutting issues integrated into other programmatic areas of work?
Small Group Discussion

Cross-cutting areas

• What has helped you to determine when and why stand-alone efforts may be more effective than integrated efforts?
• Do stand-alone efforts always phase into an integrated approach?
• What are examples of when this is and is not true.
• What new capacities/skills/practices might be required to carry out this work?

Report Out
Session 3: Sustainability
What kind of adjustments are necessary to current programming to sustain (replace) resources supplied by projects?
Using the sustainability framework as a guide, what implications are there for:

• How we plan and implement – and the role of community input?
• How we determine ‘success’ in our programs?

The Way Forward
The Way Forward

Plenary Discussion

• How do FFP and IPs need to adapt (relationships, expectations, etc.) in order to support implementation under the 2016-2025 FFP strategy?
Thank You!
