

| | | | | | | | | | | | |
|---------------|--|--|--|--|--|--|--|--|--|--|--|
| Pointed Gourd | | | | | | | | | | | |
| Bitter Gourd | | | | | | | | | | | |

Micronutrient and insecticide:

| Vegetable | Micronutrient (dose) | | | | | | Insecticide (dose with name) | | | | | |
|--------------|----------------------|---------|----------|---------|-------------------|---------|------------------------------|---------|----------|---------|----------|---------|
| | Boron | | Zinc | | Vitamin/ Other | | | | | | | |
| | Standard | Present | Standard | Present | Standard | Present | Standard | Present | Standard | Present | Standard | Present |
| Tomato | | | | | | | | | | | | |
| Cauliflower | | | | | | | | | | | | |
| Cabbage | | | | | | | | | | | | |
| Bitter Gourd | | | | | | | | | | | | |

Pesticide (dose):

| Vegetable | Fungal (dose) | | Viral (dose) | | Bacterial (dose) | |
|---------------|---------------|---------|--------------|---------|------------------|---------|
| | Standard | Present | Standard | Present | Standard | Present |
| Tomato | | | | | | |
| Cauliflower | | | | | | |
| Cabbage | | | | | | |
| Pointed Gourd | | | | | | |
| Bitter Gourd | | | | | | |

2. How do you determine the doses of these products (inputs)?

| | |
|---------------|--|
| Fertilizer | |
| Micronutrient | |
| Pesticide | |
| Insecticide | |

3. Are you satisfied with the dose/quantity, application time and method of the inputs that you are using according to crops? Why?

a. Satisfied/ Not satisfied

Fertilizer:

| Vegetable | Dose/Quantity | Application Time | Application Method |
|---------------|---------------|------------------|--------------------|
| Tomato | | | |
| Cauliflower | | | |
| Cabbage | | | |
| Pointed Gourd | | | |
| Bitter Gourd | | | |

Micronutrient:

| Vegetable | Dose/Quantity | Application Time | Application Method |
|---------------|---------------|------------------|--------------------|
| Tomato | | | |
| Cauliflower | | | |
| Cabbage | | | |
| Pointed Gourd | | | |
| Bitter Gourd | | | |

Pesticide:

| Vegetable | Dose/Quantity | Application Time | Application Method |
|---------------|---------------|------------------|--------------------|
| Tomato | | | |
| Cauliflower | | | |
| Cabbage | | | |
| Pointed Gourd | | | |
| Bitter Gourd | | | |

Insecticide

| Vegetable | Dose/Quantity | Application Time | Application Method |
|---------------|---------------|------------------|--------------------|
| Tomato | | | |
| Cauliflower | | | |
| Cabbage | | | |
| Pointed Gourd | | | |
| Bitter Gourd | | | |

b. How do you think the problems that cause your dissatisfaction can be solved?

i. Fertilizer:

ii. Micronutrient:

iii. Pesticide:

iv. Insecticide:

4. Over the past few years have you made any changes in the application/use of the fertilizer, micronutrient, pesticide & insecticide?

| Subject | Brand | Quantity | Application Method | Other |
|---------------|-------|----------|--------------------|-------|
| Fertilizer | | | | |
| Micronutrient | | | | |
| Insecticide | | | | |
| Pesticide | | | | |

Note:

5. a. Do you consult anyone for the dose and application method of fertilizer, micronutrients, insecticide, and pesticide? If you do then from whom? (seller, farmer, company, NGO, GO, others)

| | |
|---------------|--|
| Fertilizer | |
| Micronutrient | |
| Pesticide | |
| Insecticide | |

- b. Which advisor provides you information in time and who's advice is/are more effective?

6. How do you pay for the advising, if you have taken any? (Embedded with the product, by cash, the advisor does it himself, NGO, GO, farmer, free of cost, other)

| | |
|---------------|--|
| Fertilizer | |
| Micronutrient | |
| Pesticide | |
| Insecticide | |

7.

a. How did you get to know about the advisors?

b. Do you know of anyone else who advises on this regard? (name & address)

c. How many farmers are aware of them and take their service?

8. How important do you think it is to know about the appropriate dose and application method of fertilizer, micronutrient, pesticide and insecticide?

9. What measure do you take when you do not know the dose and application method of fertilizer, micronutrient, insecticide and pesticide?

| | |
|---------------|--|
| Fertilizer | |
| Micronutrient | |
| Pesticide | |
| Insecticide | |
